

Blessed Sacrament Catholic School

11501 66th Avenue North
Seminole, Florida 33772

Dear BSCS Parents,

What a great time to be an active member of our Catholic school community! The last few weeks have allowed us an opportunity to celebrate all that is excellent about Catholic education and specifically applaud the outstanding programs we offer here at Blessed Sacrament Catholic School.

As you know from your family's finances the cost of living increases every year. It is no different for Blessed Sacrament Catholic School as each year we face increases in learning materials, utility costs, as well as the health insurance and benefits offered to those teachers who dedicate their lives to educating our children in the Catholic faith. While we know that the economic conditions of our community and country continue to affect our families, it is our hope that we are able to maintain a balance of a just wage for our teachers/staff and reasonable tuition rate for our families. I am pleased to report that we are currently offering more scholarship opportunities for students than ever before. Step Up for Students has opened their applications for new families. Please apply asap as they take applications on first come, first serve.

The national decline in Catholic school enrollment has not been reflected here at BSCS as over the last four years our student enrollment has increased allowing us to add more programs, provide additional upgrades while meeting the needs of our students.

As the principal, I will not waiver from making the children of Blessed Sacrament our number one priority! Offering them a superior academic and outstanding Catholic education rooted in the gospel message of Christ is the greatest privilege I have as the instructional leader.

We are able to offer families no increase in tuition from last year to this year. Attached to this communication you will see the tuition and fee schedule for the upcoming school year. I am sure you are pleased to know that we continue to exercise fiscally responsible discipline as evidenced by our recent accreditation review and will continue to make every effort to keep the cost of Catholic education at BSCS affordable. Due to carnival, we will extend the due date of re-registration fees to March 15th.

I am excited to announce that this year we are able to re-register our families without completing a new online link. If you wish to make any changes to your child's registration including family contact information, emails, medical, authorization for pick up, etc. please notify our school office in writing to office@bscschool.com on the change you would like make. Once they are complete, you will receive an email confirmation.

I greatly appreciate and respect the selfless investment parents like you make when choosing a Catholic education for your child. Thank you for your continued support.

Blessings,

Mrs. Becky Clark, Principal
